RC

# 5. AVAILABLE SOLUTIONS PLUSES & MINUSES

Most of the industry workers who are involved in gas related works

High Budget for insallation of available solution

The traditional Gas Leakage Detector Systems though have great precision, fail to acknowledge a few factors in the field of alerting the people about the leakage.

## 2. PROBLEMS / PAINS + ITS FREQUENCY

9. PROBLEM ROOT / CAUSE

7. BEHAVIOR + ITS INTENSITY

BE

The leakage of gases only can be detected by human nearby and if there are no human nearby, it cannot be detected.But sometimes it cannot be detected by human which sometimes results in low sense of smell.

gas leakage can cause fire that will lead to serious injury or death and it also can destroy human properties

This project helps the industries in monitoring the emission of harmful gases In several areas, the gas sensors will be integrated to monitor the gas leakage
